Ms. Margaret McCue
Attn: Fields Brook Public Comment
U.S. EPA (5PA-14)
230 South Dearborn Street
Chicago, Illinois 60604

Dear Ms. McCue:

RMI Company has reviewed the Feasibility Study, Fields Brook Site. However, due to a lack of expertise in-house to scientifically evaluate certain aspects of the study, an outside consultant must be utilized. RMI, therefore, requests a 60 day extension of the comment period.

It is RMI's intention to comment on the following items relative to the study:

1. Cadmium levels in the brook.
2. Sediment ingestion as it relates to cadmium and mercury uptake.
3. Hexachlorobenzene and PCB in the Route 11 tributary.

RMI requests your kindest consideration in extending the comment period.

Sincerely,

Joe T. Holman
Supervisor-Environmental Control
